Dear valued supplier,

**CHANGE OF TRADING ENTITY TO ACU-TECH PTY LTD - ACN 626 756 223  
ABN 68 626 756 223**

I am writing to advise that as of the 31 December 2018, our current trading arrangements will be changing. At that date, Acu-Tech Piping Systems and Maxiplast will be amalgamated into a new single corporate structure by the name of Acu-Tech Pty Ltd.

This restructure is taking place solely for the purpose of improving efficiency and service. Over time, the original distinctions that demanded separation between our current business operations are no longer required. The obvious way forward is to operate as a single business unit which will be known as Acu-Tech Pty Ltd.

Please rest assured that this change does not represent anything more than a change of structure, and all staff, ownership, contact details and location remain the same.

We would like to take this opportunity to thank you for your past support, and re-affirm that we look forward to the extension of our existing trade relationship in the future.

For Acu-Tech Pty Ltd to commence placing orders from the 1 January 2019, we would ask that you kindly update your records to reflect this change, and if applicable, notify our new account details.

If you require the completion of a new credit account application form, please email a copy to [gerald@acu-tech.com.au](mailto:gerald@acu-tech.com.au) as soon as possible for processing.

Should you have any further queries, please do not hesitate to contact our Accounts Department on 08) 9238 8000 or by email at [accounts.payable@acu-tech.com.au](mailto:accounts.payable@acu-tech.com.au)

PIPING SYSTEMS

Once again, we look forward to your continued support.

Yours sincerely

Ivan Morren
