

# POLY PIPE LAYER

## PRODUCT FACT SHEET

### PRODUCT DESCRIPTION - Poly Pipe Layer

ACU-2708

Our rural poly pipe layer offers an efficient alternative to installing buried pipeline. The machine completes both the pre-rip for the trench and can then install the coiled pipe.

### FEATURES/BENEFITS:

- Installs a diameter range between 20mm and 63mm
- Pipe can be installed with fittings attached
- Machine can hold coils up to 300m
- Trenches to a maximum depth of 600mm (manually adjustable)
- Connects to a tractor through a 3 point linkage (50mm upper and 56mm lower hitch ball size)

Available for short (minimum 3 day hire) and long term hire.

Flexible hire rates and delivery options available.
