

Acu-Power

HD Orange Co-Extruded Power Conduit (COJ)

Acu-Power is a cost-effective, high density poly pipe that can be installed below ground by a variety of methods, including directional drilling, ploughing, and open trench.

It provides superior mechanical protection to electrical and fiber optic cables, as well protection from moisture or chemicals. It's flexibility and availability in continuous coiled lengths facilitates installation into existing communications conduits or ducts as an inner-duct.

Discover Acu-tech's 180mm Conduit Coils

At Acu-tech, we take immense pride in being a quality manufacturer of 180mm Conduit Coils.

Our commitment to quality places us at the forefront of the market, offering our clients a premium solution for their conduit needs.

*Manufactured to SDR 11.

**Manufactured to SDR 13.6.

Dimensions are nominal only.

Bright colour coding, co-extruded outer layer for easy identification.

32mm, 90mm and 180mm are made to order.

Manufactured in Australia to standard AS/NZS 4130 (dimensions only).

ISO9001 Quality Management System Certification.

Pipe sizes may differ per state.
